Our vision is to inspire internationally-minded, balanced learners who thrive and become active global citizens.

Christmas at UDIS

Preschool/K1: Student-Led Conferences

We have been inquiring about our learning and exploring different ways to showcase it. In the last week of term, we conducted our Student-Led Conferences (SLCs), and learners were able to use their passports to travel around the stations and talk about what they have learned this term. We have been great communicators and thinkers.

Y1: Sock puppets

The students in Year 1 put their crafting skills on display by crafting their very own sock puppets that resemble themselves and their inner voice. Using materials from home, they created an array of amazing puppets, which they then used to monitor themselves during playtime on the playground. These puppets acted as a reminder to prioritise safety during play. We're thrilled to use these puppets for more engaging classroom activities in the future.

Y3: Exploring Thai culture

In Unit 3 "How we express ourselves" Year 3 went to Udon Thani Rajabhat University to explore Thai culture through performance, costumes, and traditional tales. We discovered that every movement on the stage represents each character's emotion without saying any word.

Message from the school

We had a fantastic end to Term 1 as we celebrated our Christmas event. This was a morning filled with a variety of student and staff performances. It was lovely to see our students, staff and parents enjoying some time together before the holiday break and what has been a very busy term.

To close out Term 1 we also held our end of term reports. This is always such a positive time to celebrate the hard work and progress our students are making at our school.

This term we are working hard towards our Diploma Programme authorisation visit from 25-26 of January. We have worked really hard to put in place the curriculum, resources, facilities and staff to make this visit a big success. Success with the Diploma Programme means we will be able to offer the IB programme to all levels of students at our school.

Please look out for our second Fun Fair coming up on 3 February as well.

Y5: Art field tripe

Year 5 went on a field trip to look at different art works in Udon Thani and Nong Khai. We were able to talk about what the paintings were about and how the pictures made us feel. In class we are listening to, and finding out about, protest songs that were written because singers were not happy about what was happening in the world.

MY: Dissection of Pig Hearts

Year 11 has been studying the circulatory system and investigated the structure of the heart by performing a pig heart dissection. The students have also been learning about the importance of maintaining a healthy diet, exercise and a balanced lifestyle in order to minimise the risk of coronary heart disease (CHD).

Student success (Y6): Well done Korwan

Since the beginning of the academic year, Korwan has taken several opportunities to express herself confidently and creatively. She has been able to showcase her skills and interests, particularly in modern and traditional dance, with the school community, as well as contribute her ideas and perspectives within the classroom. Well done Korwan!

Student success assembly

We held a wonderful assembly for student success in our Primary Years. It was fantastic to see the passions of our learners on display as they performed and exhibited these to our community.

UDIS FUN FAIR

SATURDAY 3 FEBRUARY
FROM 10AM

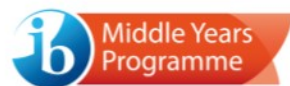

FREE ENTRY OPEN FOR ALL GAMES ACTIVITIES PRIZES

UDIS Fun Fair

It's back, we will be holding our second annual community fun fair on Saturday 3 February. This will be a chance to have fun as a community with free activities and food at UDIS. Save the date! More information to come soon.
